BCA, THE HI-TECH WAY AHEAD

BACHELORS OF COMPUTER APPLICATIONS (BCA)

BCA - Three Years Full Time Degree Course (No. of Seats 180)

Bachelor of Computer Applications (BCA) is an undergraduate degree course in Computer Applications and its duration is 3 Years (Six Semesters). A Bachelor's degree in Computer Applications (BCA) has become a vital part of all industries. With the increasing use of Information Technology and Communication systems, this domain is poised for rapid growth. If you have the skills to use the principles of Computer Applications to solve problems related to the interface of technology and business, you can expect a lucrative career in this field. Both public and private sector jobs are available for those with a BCA Degree, including jobs such as Software Engineer, Software Consultant, Network Engineer, Database Administrator, Test Engineer, System Analyst, Programmer, Quality Assurance Engineer and Technical Support Engineer.

As per Times of India "Indian IT companies currently serve two-thirds of the fortune 500 companies and have created 40 lakhs direct jobs in India".

According to NASSCOM IT industry continues to be a net hirer and reports that 2.5-3 million new job will be created by 2025.
