Film has been a major feature of popular culture for a hundred years, and the moving image now dominates all aspects of the transmission of information. Higher education, however, have been very slow to move away from their dependency on text. Study after study suggests that students now, need visual stimulates to support their learning and that all students receive a lot of their social and moral learning through film and TV, and forms of social media like YouTube. For the same, entire batch of MBA need to frame a group of four members and submit the same to their respective class CRs. Once groups have been decided, each group will be assigned a movie by their faculty guides to watch. The group has to present their learnings though the movies they have watched.

Seminar

**Component for MBA FT/BA Ist**

The main goal of seminar presentation is to communicate the topic to an audience of mixed backgrounds and interests. An MBA seminar presentation should provide valuable and actionable information, leaving the audience with a deeper understanding of the topic and its relevance in the business world. It should inspire thoughtful discussion and further exploration of the subject matter. A presentation concentrates on presenting topic to the audience. A good presentation means that the audience understood the message. The first rule is to place yourself in the mind of your audience. The second rule is to provide the insightful information to the audience; this helps overcome the temptation to fill presentations with details meant to impress the audience.

The purpose of an MBA seminar presentation is to educate and engage an audience of MBA students, faculty, and professionals on a specific business-related topic or area of management. These presentations serve multiple purposes:

- **Knowledge Dissemination:** The presentation aims to share valuable insights, concepts, and best practices relevant to the chosen topic, contributing to the audience's understanding of contemporary business challenges and solutions.
- **Learning Opportunity:** MBA seminar presentations offer an opportunity for participants to enhance their knowledge, learn from others' experiences, and broaden their perspectives.
- **Skill Development:** For the presenter, it is a chance to develop and demonstrate communication, research, and presentation skills, which are vital in business environments.

- **Networking and Collaboration:** Seminars often bring together individuals from diverse backgrounds, fostering networking and potential collaborations among attendees.
- **Application of Theoretical Concepts:** The presentation allows participants to see how theoretical concepts from their MBA coursework can be applied in real-world scenarios.

An MBA seminar presentation is typically a formal and structured talk given by an MBA student or a professional with expertise in a particular field of business or management. Here's a breakdown of its key components:

1. **Topic Selection:** The presenter chooses a relevant and interesting topic, which is provided by guide which could be a particular business strategy, industry analysis, management concept, case study, or a combination of these.
2. **Research and Analysis:** Thorough research is conducted to gather data, examples, and insights related to the chosen topic. The presenter analyzes the information critically to support their arguments.
3. **Organization of Content:** The presentation follows a logical flow, often starting with an introduction to the topic, followed by key concepts, case studies (if applicable), best practices, challenges, and future trends.
4. **Visual Aids:** Presenters often use visual aids such as slides, charts, graphs, and multimedia to enhance audience understanding and engagement.
5. **Engagement Strategies:** The presenter may use interactive elements, group discussions, or audience polls to keep the audience engaged and encourage participation.
6. **Time Management:** A seminar presentation typically has a time limit, so the presenter must manage time effectively to cover all key points within the allocated timeframe.
7. **Q&A Session:** At the end of the presentation, there is usually a question-and-answer session, allowing the audience to seek clarifications, share their thoughts, and engage in meaningful discussions.

8. **Professionalism and Delivery:** Presenters are expected to maintain a professional demeanor, speak clearly and confidently, and demonstrate subject matter expertise.

For the same, entire batch of MBA FT/BA I semester need to frame a group of four members and submit the same to to Seminar Coordinator through google form. Once groups have been decided, each group will be assigned a faculty guide who provide the topic to formed student grouts.

## Guidelines of Group Discussion

### Group Discussion

This activity is conducted to generate awareness among the students on current issues. It improves the communication skills and increase confidence level of the students. Through this activity students are able to feel the sense of leadership by means of discussion in a group on a particular topic.

### Process Steps

1. The process of a Group Discussion starts with the announcement of the topic.
2. The preparation time of 3 minutes is given before beginning the discussion and discussion time is 10 minutes for each group.
3. Any participant in the group can initiate the discussion. After the initiation, anyone from the group can continue the discussion. Similarly, everyone gets the chance to speak. One after another, participants in the group express their views on the given topic.
4. After the completion of each discussion panelists may ask one or more than one participant to summarize the GD. Whenever you are asked for the summary, remember to cover the discussed points. The participants who were quite among the discussion are

generally asked to summarize it, which is a good opportunity to present their views. But, it does not mean that everyone should be quite. The summary should include the essential discussed points and the conclusion of the discussion.

5. The final scores are calculated on the basis of the performance of each participant, the panelist gives the scores. The panelists are usually three to four to judge the performance of candidates in the Group Discussion.

Book Review
**Component For BBA I**

**Joseph Addison once wrote, "Reading is to the mind what exercise is to the body."**

One of the most obvious benefits of reading every day is learning. Unlike a YouTube video or podcast, books provide access to in-depth knowledge. Going beyond the surface of a subject is essential to success, too. This is probably why the author Roald Dahl once said, "If you are going to get anywhere in life, you have to read a lot of books."

Writing a book review is an activity that can result in the development of various set of skills that allows you to quickly master complicated information and produce better results in less time.

One of the key benefits of reading is that it helps us to communicate better. Reading every day can improve our communication skills in a few ways. For example, reading can influence your writing and increase your vocabulary.

When we read well-written work, we naturally observe its writing style, cadence, and composition and these characteristics inevitably seep into our writing. Also, learning to pick out useful pieces of information from longer texts is a skill that can be used throughout life – particularly when growing up and learning at more advanced levels.

In line with the importance of reading a book, we have introduced a component in BBA I semester of “Book Review”.

For the same, entire batch of BBA I semester need to frame a group of two members and submit the same to their respective class CRs. Once groups have been decided, each group will be assigned a book to read. The books so assigned are available in the library, student can get it issued and read the same.

## महिला हिंसा उन्मूलन हेतु ग्वालियर पुलिस ने चलाया अभियान

# स्कूल और कॉलेज में विद्यार्थियों को दे रहे महिला हिंसा से बचने की जानकारी

ग्वालियर | DBStar

समाज में महिलाओं के साथ निरंतर आपराधिक घटनाएं बढ़ रही हैं। इसका मुख्य कारण है खामोशी। सबसे पहले महिलाओं को यह जानकारी होना आवश्यक है कि उनको क्या अधिकार मिले हैं। जब तक उन्हें यह पता नहीं होगा तब तक वह यह पता नहीं कर पाएंगी कि वह अपने इन अधिकारों का प्रयोग किस प्रकार कर सकती हैं। घरेलू हिंसा, कार्यस्थल पर मानसिक एवं शारीरिक प्रताड़ना, कन्या भ्रूण हत्या, दहेज के लोभ में परेशान करना, कामकाजी महिलाओं पर टिप्पणी करना और छात्राओं के साथ छेड़खानी। यह सभी अपराध की श्रेणी में आते हैं। इसलिए इनके खिला चुप्पी नहीं साधे, बल्कि जोरदार आवाज उठाना चाहिए। जिससे इन अपराध को अंजाम देने के बारे में लोगों की गलत मानसिकता को खत्म किया जा सके। यह बात डीएसपी महिला सुरक्षा शाखा ग्वालियर की हिना खान ने कही। वह पुलिस मुख्यालय भोपाल की ओर से नेशनल जेंडर कैंपेन के अंतर्गत जानकारी दे रही थी। इस कैंपेन का आयोजन 23 दिसंबर तक किया जाएगा। इस अभियान के दौरान शहर के स्कूल और कॉलेज में महिला हिंसा उन्मूलन पर कार्यक्रम का आयोजन किया जाएगा। इस दौरान पुलिस कर्मचारियों ने छात्र-छात्राओं से सीधा संवाद कर महिला हिंसा के निदान पर भी चर्चा की।

**Class:** MBA IV Sem (FT & BA)

**Dates on which activity was conducted:** 22-03-2023 to 24-06-2023

**No. of students participated**: 360

MRP Major Research Report is part of MBA (FT & BA) component marks. The objective of this activity is to inculcate and promote research amongst students and faculty.

Process:

All the faculty members submit at least 7 to 8 topics for research to the coordinator on the date as desired.

• The topics are discussed in faculty meetings chaired by the course coordinator, to ensure that the topics are not repeated by different faculty members and data collection on the topic is possible within limited time available to the students to complete their MRP.
